

Walking in the Light!

"I am the light of the world.
Whoever follows me will
never walk in darkness but
will have the light of life."
John 8:12

2022 Annual Report

You Helped Many Experience the Light of Christ in 2022

Dear Friend,

Thank you for making an incredible difference across the IN Network. This year, because of your generosity, we were able to send more than 3 million dollars in support of programs and projects to 19 countries. **That's \$522,000 MORE** than last year. Incredible!

However, as you well know, it's not about the dollars, but the people impacted by those dollars. This year that impact was phenomenal. People such as:

- a Muslim Imam who accepts Jesus and changes an entire village
- a Nepal community worker who treks the Himalayan mountains to reach a family who experiences the miraculous healing power of Christ and becomes the catalyst of a new church
- a young man in Central Asia, using the anonymity of online evangelism, asking questions to which the gospel is the answer
- a car load of deaf/mute Ukrainian refugees scarred by the ravages of war reaching the safety of Romania and finding a deaf ministry to care for them

Everywhere people saw and experienced the light of Christ. Every program and project demonstrated exactly what Jesus encouraged in the Gospel of John.

"I am the light of the world. Whoever follows me will never walk in darkness but will have the light of life."

John 8:12

This year, individuals in unprecedented numbers saw the truth and experienced the reality of that scripture. As you read through this report, I trust you will also see that truth.

The courageous faith and dedication of our partners all around this Network we call IN, inspires me, challenges me, and fills me with renewed optimism.

Thanks for being a part of 2022 and for making everything in this report possible. I know I speak for everyone of our partners when I say you are loved and appreciated deeply.

Blessings,

Jeff Johnson

In 2022, the regional fellowships have been proud and satisfied when organizing Christmas evangelistic meetings, inviting many friends to attend. See the numbers: Church name withheld: 500 friends are invited to attend, 200 people believed in God; Church name withheld: 200 friends invited, 120 people believed in God; Church name withheld: 160 people invited, 60 believed in God; and Church name withheld: invited 40 friends, 40 believe in God. Thank God, after two years of the Covid-19 pandemic, we thought the evangelism was stopped, but in 2022 God gave a great blessing for His House.

She has gone back to the same village where she came from to be a light and shine there for Jesus. She is not just a light to the community now, but she is also helping and training other children from similar backgrounds to be a light and be a blessing to transform lives.

IN Vietnam

We set up “Love Medicine Cabinets” for churches in the countryside to help poor believers and friends who are sick but can’t afford to buy medicine or they are far from pharmacies and hospitals. People often go to these church medicine cabinets to ask for medicine. On this occasion, we help them and have the opportunity to testify about God’s love for them. We invite them to attend the big evangelistic meetings organized by the church and many believe in the Lord.

Refugees and Relief

International Needs works with our partners to provide support for refugees who are seeking a place of security and a chance to begin again. When disaster strikes, resources are able to respond directly to the needs experienced by the affected communities.

This year, in response to the Ukraine conflict, International Needs mobilized emergency resources to provide life sustaining food support, shelter, education, and integration assistance for Ukrainian refugees crossing the borders in Slovakia, Bulgaria, and Romania. This emergent relief opened unprecedented opportunities for gospel presentation. Through your 2022 support:

- 5,750 refugees received assistance
- 476 refugee and displaced children were provided educational assistance
- 1,200 Ukrainian refugee families were provided accommodations after fleeing Ukraine

2022 Highlights

- From Slovakia and Romania, each month more than 35 tons of material support is being convoyed into the conflict zones of Ukraine.
- In Egypt, 100 Syrian and Sudanese refugees are being provided with vocational skills training.
- In Burkina Faso, due to the terror induced conflict, 200 internally displaced children have been given schooling.
- In Colombia, 120 Venezuelan families are supported with food, immigration assistance, housing, spiritual counseling, and education support for their children.
- In Turkey, IN staff regularly enter Syrian refugee camps to pray and encourage the refugees.

After the terrorist attack on their village where she lost everything, a 10-year-old girl followed the crowd on foot to the town of Tougan. From there she begged a bus driver to take her to Bobo because her father had an acquaintance there. When she arrived, she found someone who knew this person and used his phone to call her father's friend. This man lives where the IN Burkina Faso school is. The girl came, told her story, and we were able to enroll her in school.

Collins Togom from IN Kenya gives the following report: In their 1st Saturday's fellowship, Pastor Esther couldn't hold her tears when she received our support and welcomed over 100 children who attended the first Bible Club meeting and heard about Jesus, but also received a meal as an extra blessing due to lack of food and other essentials.

Esther thanked our partners (you) for the provision and more for the heart of children. She has promised to do all her best in ensuring more children come to Jesus.
