Thank You for Helping Break Barriers for Jesus Christ

Dear Supporters of International Needs,

The global impact of International Needs

(IN) in 2023 was incredible. Once again, we were able to increase the financial resources sent to our partners. And, not surprisingly, our partners turned that resource into incredible kingdom results!

In preparing this report, my thoughts were drawn to that iconic Scripture found in John 10:10:

The thief comes only to steal and kill and destroy; I have come that they may have life, and have it to the full.

There was great hardship experienced by individuals across the IN Network. Real barriers to the gospel were broken and our partners turned the resources you provided into life-changing programs (all with a clear presentation of the gospel) and people's lives were changed. They experienced the truth of that scripture. Here are just a few examples directly from the field.

- As he looked around, he noticed our Bible Corner and started to read. "Sorry, but can I have an hour of privacy? This is my first time to see and hold a Bible; I would like to read it for a while."
- I met her on the street, where she was begging for money to take drugs. I brought her to a hotel and provided some food for her to eat. She asked, "Why do you love me?" I then shared about the love of God and the gospel with her. She accepted Christ as her Savior. She

is healed of her addiction and her life has turned around.

- In their first Saturday's fellowship, Pastor Esther couldn't hold her tears when she received our support and welcomed over 100 children who attended the first Bible Club meeting and heard about Jesus, but also received a meal as an extra blessing due to lack of food and other essentials.

As you read this synopsis of 2023, join me in praising the Lord for His goodness, for His promises that rang true, and for thousands of individuals knowing and experiencing the reality of an abundant life found in Jesus Christ. It was an incredible journey. I can't wait to see what unfolds in 2024.

Blessings,

Jeff Johnson

Our Approach to Ministry

International Needs is a Christ-centered global partnership. The key to our approach rests with a network of gifted national leaders with a strong calling from God, possessing a strong vision and purpose. As members within the communities they serve, they're able to build trusting relationships, opening doors for effective ministry to their own people.

Because each community is unique, program solutions are tailored to the needs indicated by local leaders within each community. Ministry programs vary and are built upon a communicated need from our partners. International Needs USA is proud to serve alongside 19 country-based local ministries.

Global Impact You Made Possible:

- **592,435** people served through International Needs' programs
- **299,463** people heard the gospel for the first time
- **2,139** people provided educational assistance
- **94,210** people received economic support
- **\$164,160** of emergency assistance was provided

Breaking Barriers

40% of the world's population has little to no access to the gospel of Jesus Christ.

Conflict, culture, geography, poverty, and religion pose real obstacles. Yet every IN program implemented across our five service areas breaks those barriers.

Breaking Barriers in Africa

A Barrier Broken:

International Needs Ghana hosted 71 Christians gathered together near the village of Kuve to fast and pray for their greater community, seeking to go into six to eight other villages to share the gospel. They went out to nearby villages and shared via public meetings, visiting homes, school outreach programs, and film outreach meetings. The community responded to their efforts with nearly 300 people giving their lives to Jesus, and more than a thousand people attending different events. The Jesus Film-based outreach was particularly successful and drew 450 viewers each night.

Breaking Barriers in Asia

A Barrier Broken:

We (IN Vietnam) are supporting a new free evangelistic newspaper, which has been in operation for about a year and is legally authorized by the government to print. The newspaper began with a print volume of a few thousand copies per month, but now the demand for newspapers from the churches has reached nearly 20,000 copies per month. This is a miracle in a communist country. This newspaper is very good for personal witnesses.

A Barrier Broken:

A youth worker from IN Czech Republic shares about one student in a class he visited.

"Mr. Strojek, do you think I can convert back to the faith that I had lost?" I told him that it is never too late to come back to God. He was a Catholic who somehow lost sight of Jesus along the way. He was very happy that even for him there was new hope: although he was lost, he could come back to God.

Antuan helps build the siding of a tent

On the 6th of February 2023 a devastating earthquake hit a remote, but highly populated area of Turkey. Our IN Staff led by Pastor Antuan and his wife Citadel responded almost immediately. Here is Anutan's description:

"We are in the third month since the devastating 7.8 earthquake that affected ten provinces, where almost 18 million people reside, including about 1.8 million Syrian refugees. This month, the Turkish Minister of Interior announced that the number of people who died in the earthquake was over 50,000. More than 100,000 people were injured."

In response, a 6-month relief effort was mobilized resulting in more than six trips to the area, providing **more than \$175,000** in emergency support for over **5,000 people** with items such as:

- **1,100** jugs of water
- **1,300** hygiene kits
- **2,000** parcels of clothes
- **500** kits of hats gloves and scarves for children
- **1,500+** families served food

The most prominent need was shelter and more than 560 families received well constructed tents to protect them from the harsh winter/spring climate!

GRATEFUL AYSEL

Aysel means bright moon. She is in her late 50s and has three kids. It has been very challenging time. Being provided a tent made all the difference. Aysel shares: "Our own house saved us financially, and it is gone after the earthquake. I do not have a proper job to pay for our rent in the future."

She was accommodating and genuine the first time we arrived in their community. Aysel had been waiting for help to have their tent. For months, they were sharing with one family. On the 3rd day, when we informed Aysel that we would start to build their tent, she was so grateful that she even prepared us homemade bread using their almost ending of flour. We enjoyed their tea as well during our break time. **"Life has not been easy for me and my children, but I am hopeful that God will help me. Thank you for providing us with a tent; it is worth the wait."** Aysel was all smiles after we handed her their tent.

A million TO REACH A million

Heart of the Matter

"What a great problem to have! We have developed a plan to care for the increased number of new believers. We are equipping all community workers and our team with the method of XEE evangelism and new believer care skills."
